THE SAUER 101 SILENCE GTI.
A NEW CLASS OF
BOLT ACTION RIFLE.

S 101 SILENCE GTI

Our rifles have impressed generations of hunters across the world for almost three centuries, and now the new Sauer 101 Silence GTI will contribute to this success. This rifle astonishes hunters with its spectacular features such as its laminated wood ergonomic thumbhole stock, its height-adjustable cheek-piece, and the new integrated titanium silencer. The Sauer 101 Silence GTI has a timeless elegance and reliable precision, combined with its perfect balance and its ergonomics for an impeccable shooting position. At a price that so far only Germany's oldest manufacturer of hunting rifles can offer. This is the perfect bolt action rifle for a new generation!

UNPRECEDENTED SILENCING. UNPARALLELED BALANCE.

The perfect rifle for night hunting and driven hunts. The new S 101 Silence GTI perfectly plays to its strengths here.

- Sound suppression of up to 28 dB, depending on the calibre.
- The integrated silencer spans across the entire length of the barrel and is screwed on via the muzzle thread.
- Unlike the on- or over-barrel silencer, with the integrated silencer there is no annoying object in the field of view on the muzzle. This integration also stops the rifle from getting caught on shrubs or other parts of the hide.
- The rifle's balance is optimised through the integrated silencer's even weight distribution.

A NEW CLASS OF BOLT ACTION RIFLE

- 1 | FOR THE PERFECT SHOOTING POSTURE**
The height-adjustable comb perfectly and ergonomically positions the shooting eye behind the rifle scope. New: The comb can be adjusted using internal screws.
- 2 | SOPHISTICATED SAFETY CONCEPT**
Dura Safe firing pin safety system – load and unload the rifle in a safe mode. The safety catch cannot be released unintentionally.
- 3 | SAFE OPENING**
At the touch of a button, the SAFE OPENER allows the rifle to be opened in a safe mode.
- 4 | THE JOY OF THE BOLT ACTION**
Smooth, easy and precise bolt action for quick and simple handling.
- 5 | THE ULTIMATE IN PRECISION**
The barrel and sleeve are completely connected without tension in a specialised HEAT LOCK procedure.
- 6 | MAXIMUM SHOOTING PERFORMANCE**
Sauer original cold hammered barrel. It has proven itself hundreds of thousands of times.
- 7 | UNPARALLELED BALANCE**
Balanced weight distribution through the thumb hole stock and integrated silencer.
- 8 | SOPHISTICATED DETAIL**
The mini universal key hidden in the stock is perfectly placed for adjusting the cheek piece.
- 9 | PERFECT CONTROL**
Extra-wide trigger blade with 950 g trigger pull.
- 10 | PRACTICALLY INDESTRUCTABLE**
The robust removable magazine is made of a weatherproof and temperature-resistant composite.
- 11 | DURABLE AND RELIABLE**
The patented EVER REST concept: The perfect symbiosis of ultra-robust bedding and maximum decoupling of the stock and system. This guarantees precision, even in extreme weather conditions.
- 12 | BIPOD ADAPTER**
A Harris bipod can be simply attached without the use of any tools.
- 13 | DETACHABLE SLING SWIVEL**
Totally silent, flexible in any situation, detachable at the touch of a button.
